

December 2007

FOR IMMEDIATE RELEASE

Mark Growe once again takes home the SCORE Championship!

Huntington Beach, CA – Mark Growe and team put together a consistent race program for 2007 and were rewarded with winning the overall championship in SCORE Internationals Sportsman truck class. Mark is no stranger to the class as he won the championship in both 2004 and 2005. He was also the MDR 1450 Champion in 2001.

Coming off his win at Primm, Nevada, Mark knew he had to do well at the Baja 1000 to keep his points lead. He was able to accomplish that and ended the year with over 120 points between him and the 2nd place team. It just goes to show what focus and determination will get you in a competitive class.

The Airborne Ford Ranger uses Camburg Engineering's off the shelf Race Series 4.5 custom i-beams, heim joint radius arms and rear 3-link kit. Time and time again these products are race proven and championship winning with Mark behind the wheel.

It's always great to see such a well respected racer finish off the year on a high note.

For more information on Camburg products and race team involvement, check out their websites www.camburg.com and www.camburgracing.com or contact them directly.
